

**“IS
THIS
IT?”**

If God did exist what would you ask?

The **Alpha** Course

**What's life all about? Why are we here?
What's so special about Jesus?**

Alpha is an opportunity for anyone to explore the Christian faith in a relaxed setting over twelve weeks. Each week we have a meal (two courses) followed by a short talk about Christianity. Then a chance to ask some questions - anything you like! There is no pressure to do anything and you won't be joining a cult! The full Alpha course last 10-12 weeks but you don't have to come again if you don't want to. The food is free every week - a main course and dessert!

Over 2.5 million people in the UK and 15 million people worldwide have attended an Alpha course, an opportunity to explore the meaning of life, running in tens of thousands of churches of all kinds across the world. Come and meet people like you and find some answers to life's big questions.
